

Unpacking the Package

The NetScaler platform package includes a hardcopy of the End User License Agreement (EULA) and the Licensing Document. For unpacking the appliance package, see the sample video <https://www.youtube.com/watch?v=hWfn9OCeRNU>

Installing the Hardware

For information about how to install the hardware, see [Installing the Hardware](#). Details about quick installation and configuration of hardware appliances are also available in the [Quick Start Guides](#)

After Installation

After installing the hardware, perform the initial configuration of the MPX appliance and then configure the NetScaler features, that meet your requirement. For details, see [NetScaler SDX and NetScaler documentation](#)

NetScaler MPX Platforms

For information about the other NetScaler platforms, see [MPX Hardware Platforms](#)

Data Sheets

To view the data sheets of the hardware models, see [Citrix NetScaler Data Sheets](#)

Product Documentation

To view the complete hardware documentation, see [NetScaler Hardware Platforms](#)
