

# Configuring Statushub

Configuring Statushub for SSO enables administrators to manage their users using Citrix Gateway. Users can securely log on to Statushub using their enterprise credentials.

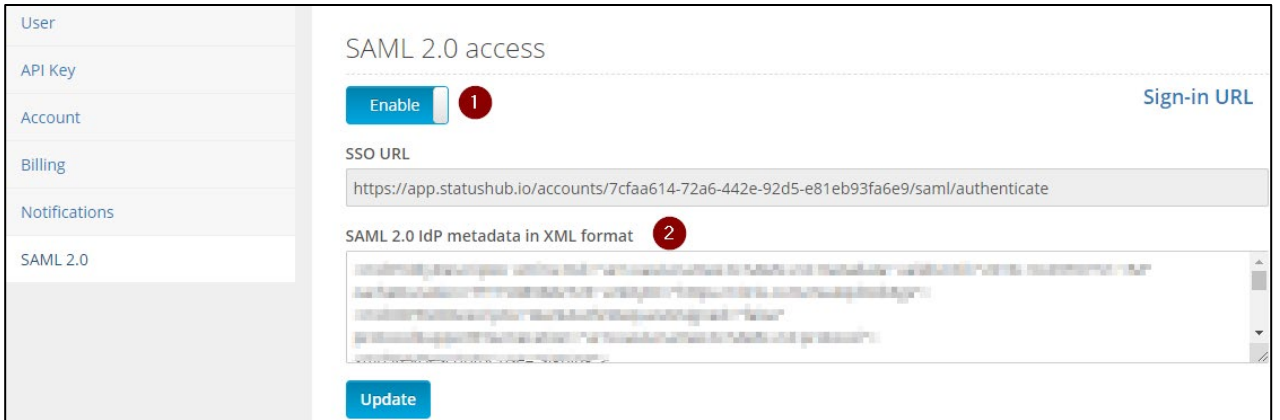

To configure Statushub for SSO through SAML, follow the steps below:

1. In a browser, type the URL, [https://app.statushub.io/users/sign\\_in](https://app.statushub.io/users/sign_in) and press **Enter**.
2. Type your credentials and click **Sign In**.

The image shows a screenshot of the Statushub sign-in page. At the top center is the Statushub logo, which consists of a blue circle containing several white nodes connected by lines. Below the logo is the word 'statushub' in a lowercase, sans-serif font. Underneath the logo and text are two input fields. The first field is labeled 'Email' and the second is labeled 'Password'. Both fields are empty. Below the input fields is a large, solid blue button with the text 'Sign in' in white, centered on the button.

3. On the Landing page, navigate to **Settings > SAML 2.0** in the left pane.
4. On the SAML 2.0 access page, type the following information:

- i. **Enable** the toggle switch to configure SAML.
  - ii. **SAML 2.0 IDP metadata in XML format:** Enter the IDP metadata.
5. Click **Update**.

The SAML configuration is completed.
