

Configure Asana for Single Sign-On

Configuring Asana for single sign-on (SSO) enables administrators to manage users of Citrix ADC. Users can securely log on to Asana by using the enterprise credentials.

Prerequisite

Browser Requirements: Internet Explorer 11 and above

To configure Asana for SSO by using SAML:

1. In a browser, type <https://asana.com/#login> and press **Enter**.
2. Type your Asana admin account credentials (**Email address** and **Password**) and click **Log in**.

3. To enable and configure SSO, the user must contact Asana support team and provide them with the IdP metadata.

Required Information	Description
Certificate	The IdP metadata is provided by Citrix and can be accessed from the link below. The link is displayed while configuring SSO settings for your app. <a href="https://gateway.cloud.com/idp/saml/<citrixcloudcust id>/<app id>/idp_metadata.xml">https://gateway.cloud.com/idp/saml/<citrixcloudcust id>/<app id>/idp_metadata.xml

Note: The support team will configure the SP from the backend.
