# Configure Hive for Single Sign-On

Configuring Hive for single sign-on (SSO) enables administrators to manage users of Citrix ADC. Users can securely log on to Hive by using the enterprise credentials.

**Prerequisite**

Browser Requirements: Internet Explorer 11 and above

**To configure Hive for SSO by using SAML:**

1. In a browser, type https://app.hive.com/signin and press **Enter**.

2. Type your Hive admin account credentials (**Email** and **Password**) and click **Sign in**.

3. In the dashboard page, click the user account in the top-right corner and select **Your workspace**.

4. In the pop-up window, click the **Auth** tab and enter the values for the following fields:

| Required Information | Description |
|---|---|
| SAML SSO URL | IdP logon URL |
| Identity Provider Issuer | IdP Issuer URL |
| Certificate | Copy and paste the IdP certificate. The IdP certificate must begin and end with<br> - - - - -Begin Certificate- - - - - and - - - - -End Certificate- - - - -<br>**Note**: The IdP metadata is provided by Citrix and can be accessed from the link below. The link is displayed while configuring SSO settings for your app.<br>https://gateway.cloud.com/idp/saml/<citrixcloudcust_id>/<app_id>/idp_metadata.xml |

# Auth

Appearance   Labels   Templates   Settings   Email   Manage users   **Auth**

**Your Workspace ID is:** ▓▓▓▓▓▓▓▓▓▓ .

You will want to copy past this Workspace ID for use with your IdP

**SAML SSO URL**

This is the provider url

**Identity Provider Issuer**

This is the identity of your IDP (optional)

**Certificate**

This is the provider certificate
