

# Configure Questetra for Single Sign-On

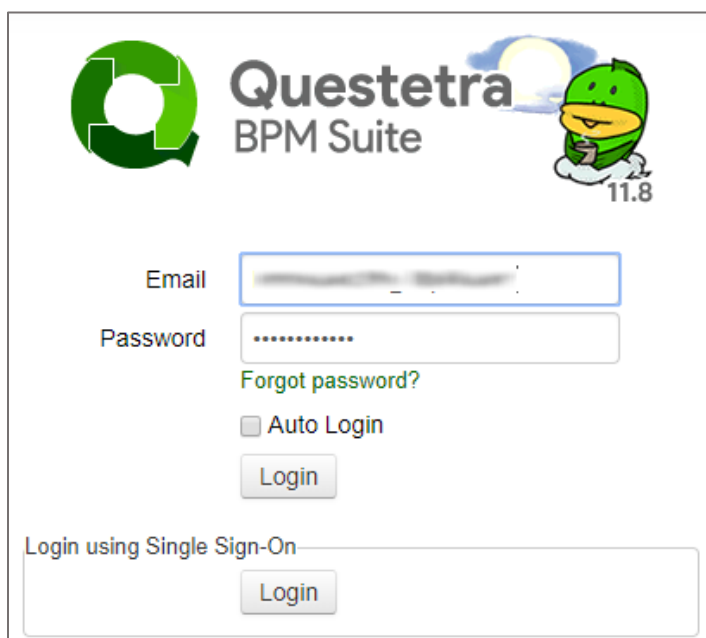

Configuring Questetra for single sign-on (SSO) enables administrators to manage users of Citrix ADC. Users can securely log on to Questetra by using the enterprise credentials.

## Prerequisite

Browser Requirements: Internet Explorer 11 and above

## To configure Questetra for SSO by using SAML:

1. In a browser, type [https://karasuma-ichijo-286.questetra.net/Login\\_show](https://karasuma-ichijo-286.questetra.net/Login_show) and press **Enter**.
2. Type your Questetra admin account credentials (**Email** and **Password**) and click **Login**.
