# Configure ReadCube for Single Sign-On

Configuring ReadCube for single sign-on (SSO) enables administrators to manage users of Citrix ADC. Users can securely log on to ReadCube by using the enterprise credentials.

Prerequisite

Browser Requirements: Internet Explorer 11 and above

To configure ReadCube for SSO by using SAML:

1. In a browser, type https://www.readcube.com/authentication and press **Enter**.

2. Type your ReadCube admin email address and click **Next**.

3. Type your ReadCube admin password and click **Next.**
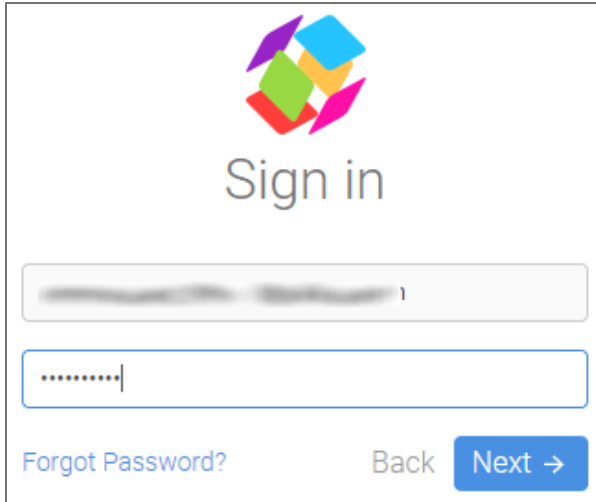

4. To enable and configure SSO, the user must contact ReadCube support team and provide them with the email domain and IdP metadata file in XML format.

Required Information	Description
Email domain	Email domain of user
Certificate*	**Note**: The IdP metadata is provided by Citrix and can be accessed from the link below. The link is displayed while configuring SSO settings for your app. https://gateway.cloud.com/idp/saml/<citrixcloudcust_id>/<app_id>/idp_metadata.xml

Note: The support team will configure the SP from the backend.
