

Configuring Tinfoil Security

Configuring Tinfoil Security for single sign-on (SSO) enables administrators to manage users of Citrix ADC. Users can securely log on to Tinfoil Security by using the enterprise credentials.

Prerequisite

Browser Requirements: Internet Explorer 11 and above

To configure Tinfoil Security for SSO by using SAML:

1. In a browser, type <https://www.tinfoilsecurity.com/> and press **Enter**.
2. Type your Tinfoil Security admin account credentials (**Email** and **Password**) and click **Let's go!**

Welcome back to Tinfoil Security!

Log into your account below

Use 2-factor authentication

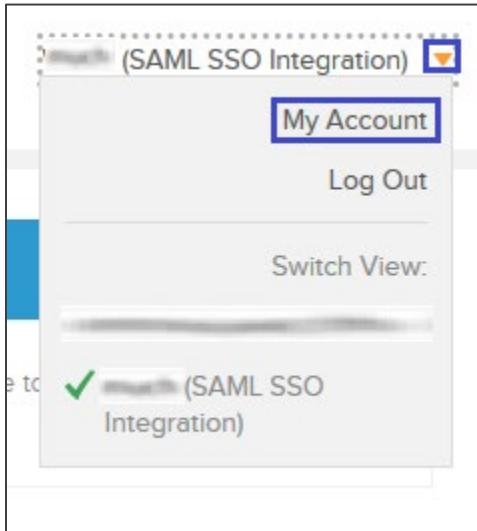

Password Remember me
